

# Yale Science Building

## Town Hall Meeting

March 1, 2017

# Project Site Logistics through April

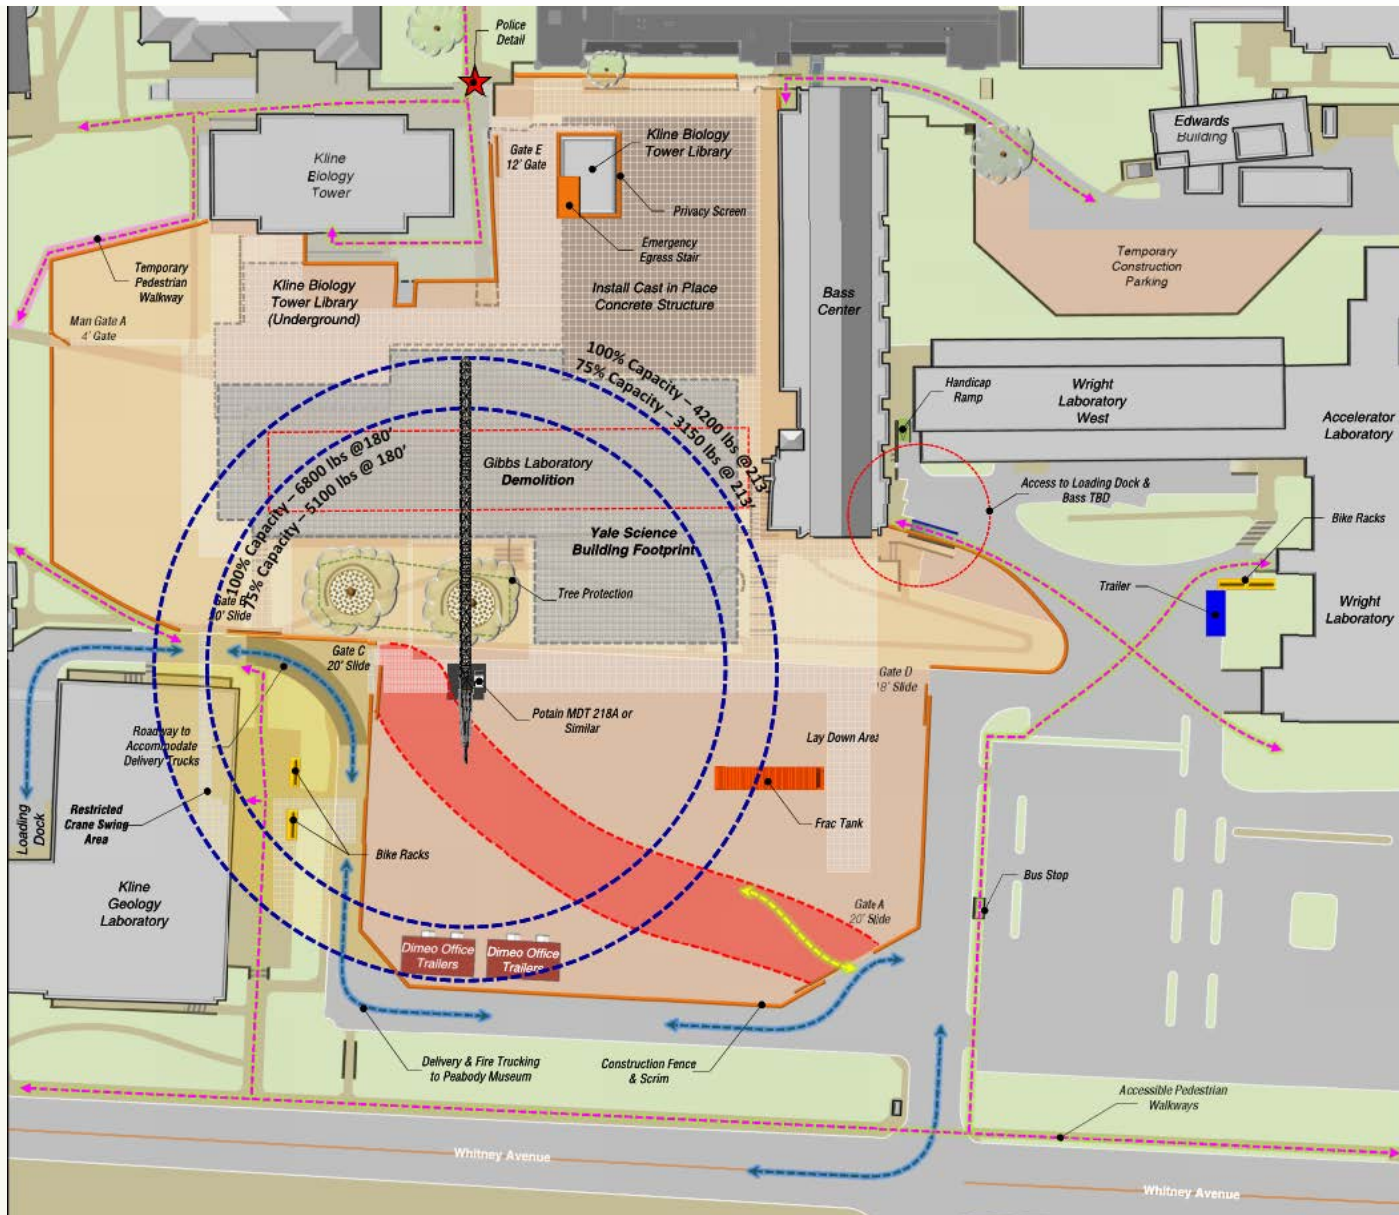

# Project Site Logistics through April at Whitney

# Project Site Logistics Beginning May 2017

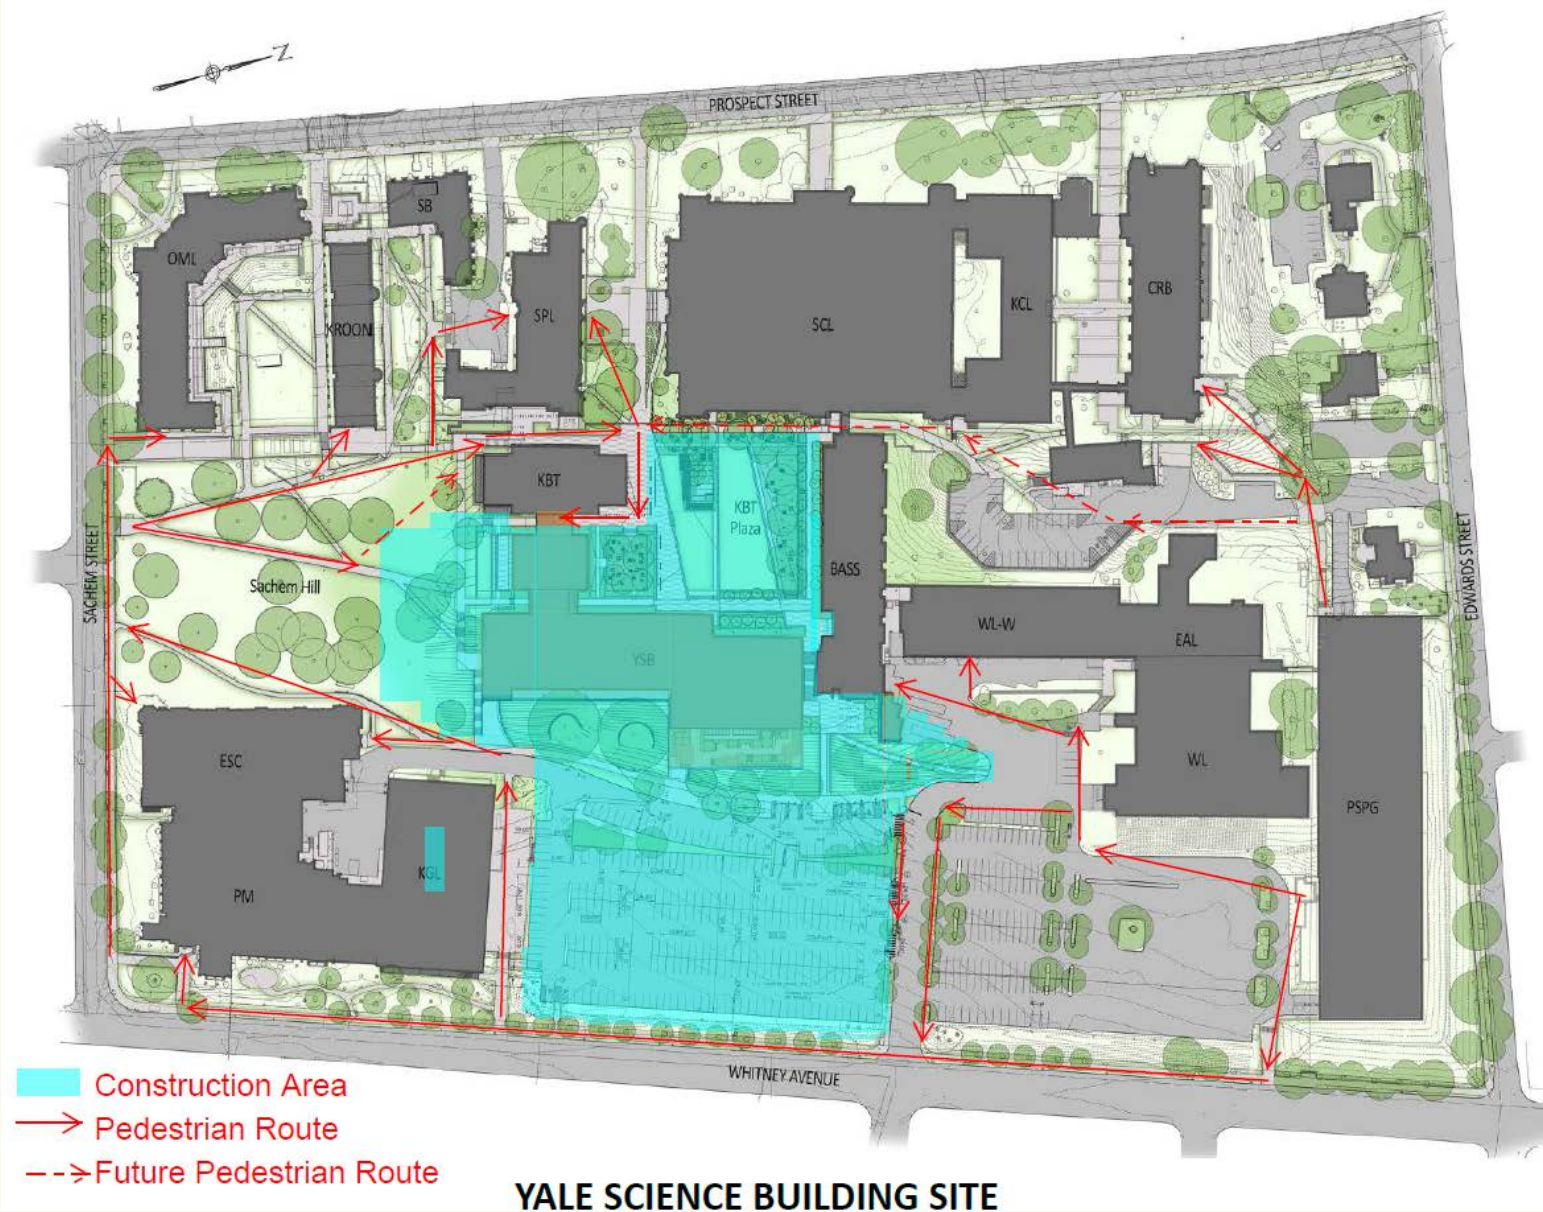

# Project Schedule

- Gibbs structural demolition – first week of March
  - Bass electrical shutdown date to be determined probably end of March or in April
  - Site excavation for new building begins mid May
- 
- Dates are weather permitting and subject to change
  - Noise and vibration impacts will be minimized by taking the structure down piece by piece, monitoring vibration throughout science hill, no blasting.
